DRESSTEC NGR

Next Generation of Diamond Roller Dressers

Fastest speed to market

DRESSTEC NGR

TYROLIT has extended the portfolio of diamond roller dressers with an exciting new assortment: DressTec NGR. This new product line enables TYROLIT to offer the fastest delivery time for roller dressers in the market, whilst maintaining the highest precision and quality. This is achieved thanks to the very latest manufacturing technologies, new processing steps and premium measuring equipment at the company's state-of-the-art plant in Neuenrade, Germany.

DressTec NGR combines quality, reproducibility and precision features with the fastest speed to market. This is unique within the industry.

Application:

Dressing of a vitrified bonded conventional grinding wheel

+ Fastest speed to market
Only 6 weeks standard delivery time after approval of drawing.

+ Planning security
achieved due to the fast availability of the new roller dresser

+ Increased flexibility
Perfect for new projects, especially when new parts and tool designs are immediately required.

+ Unparalleled investment
guarantees the highest level of accuracy, quality and tool lifetime

TYROLIT expertise and engineering know-how for unrivalled results
